Academic Research

At VIT-AP, we aim to apply knowledge and conduct pioneering research to contribute to society in the field of science, technology, and humanities. The institute provides extensive support for students to get involved in research at all levels of their educational programs, with the aim of enabling the active translation of research towards social sustainability and growth. Scholars at VIT-AP are provided with a unique opportunity to work with highly qualified faculty members and experts from the industry. The Research Program at VIT-AP is headed by Prof. Ravindra Dhuli, Dean, Academic Research.

The major thrust areas we focus at VIT-AP

School of Computer Science & Engineering

Artificial Intelligence and Machine Learning

Data Science and Big Data Analytics

Cybersecurity and Privacy

Cloud Computing and Distributed Systems

Internet of Things (IoT) and Cyber-Physical Systems

Computer Vision and Image Processing

Software Engineering and Programming Languages

Human-Computer Interaction (HCI) and User Experience (UX)

School of Electronics Engineering

Antennas and Microwave Engineering

Communication Systems

VLSI and Embedded System Design

Signal Processing

Artificial Intelligence and Machine Learning

Control and Automation

Power Electronics and Power Systems

Renewable Energy

Electrical Vehicles

Battery Management Systems

Image and Speech Processing

School of Mechanical Engineering

Robotics

Mechanics

Manufacturing

Biomechaics

Advanced Manufacturing

Fluid Mechanics

School of Advanced Sciences

Department of Mathematics

Department of Physics

Department of Chemistry

VIT-AP Business School

Finance & Accounting

Marketing

Entrepreneurship

Production & Operations Management

Organizational Behavior & Human Resource Management

Foreign Trade

Strategic Management

Information Systems

Public Policy

International Marketing

Innovation Management

Fintech

Artificial Intelligence

VIT-AP Law School

International Law

Commercial Law

Constitutional Law

Labour Law

Administrative Law

Criminal Law

Intellectual Property Rights

Business Law

Environmental Law

Human Rights Law

Cyber Law

International Humanitarian Law

VIT-AP School of Social Sciences and Humanities

Post-colonial Literature

Cultural Studies

Literature and Religion

Psychology, and Economics.

Human-Environment Interactions in the Global South

Sustainability

Protected Area Management

Social Justice

Climate Change Adaptation

Biodiversity Conservatio

Political Ecology

Disability Studies

Visual Studies

Comics Studies

Graphic Medicine

Health Humanities

Annotations

Sexuality Studies

Publications of VIT-AP University

VIT-AP fosters a research environment by providing faculty with avenues for publishing research papers and promoting collaborative research activities with industries. The institute offers seed grants to faculty members, encouraging them to pursue research in relevant fields. The curriculum for all programs emphasizes fundamentals of engineering, science, and humanities while incorporating a strong focus on multidisciplinary research. This approach extends beyond faculty and Ph.D. scholars. Engineering clinics, an integral part of all VIT-AP degree programs, provide an opportunity to identify research problems relevant to both academic and industrial needs. Faculty and student participation in research fosters a collaborative problem-solving environment. The institute provides faculty, students, and scholars with free internet, Wi-Fi access, and access to several popular scientific journals. All Ph.D. scholars receive a monthly stipend and financial support for consumables, tools, travel, and other research-related expenses.

Month-wise (2025 year) Publications of VIT-AP University

Sl.No	School	JAN	FEB	MAR	APR	May
1	SCOPE	41	41	45	11	34

Note: The h-index is defined as the maximum value of h such that the given author/journal has published h papers that have each been cited at least h times.

1. h-index of the VIT-AP University: 58
2. Total no. of citations of VIT-AP research publications as on date: 29,945
3. VIT's i-10 index (No. of papers with more than 10 citations): 702
